

JOHNSON COUNTY WATER DISTRICT NO. 1

The Byron N. Johnson Administrative Headquarters and Service Center in Lenexa, Kansas houses Johnson County Water District No. 1 (WaterOne), a municipal agency that provides water to more than 350,000 persons in the greater Kansas City Metropolitan area.

The Boardroom provides a modern meeting environment with capabilities to display audio-visual images from computer, document camera, VCR, and satellite broadcast sources. The large screen flat plasma display pictured above allows the Board members to view the same images being projected behind them on a larger audience screen.

Client: Peckham Guyton Albers & Viets, Inc.; Westwood, KS
