

PRICE COLLEGE OF BUSINESS

The University of Oklahoma in Norman recently completed construction of the new Michael F. Price Hall building, a 55,000 square foot facility at the Price College of Business.

The facility includes six 48-person tiered classrooms, two 64-person tiered classrooms, one flat floor classroom, a boardroom, two presentation lab rooms, and a student commons area. The systems designed for these spaces include dual video projection, sound reinforcement, distance learning, and videoconferencing functions. Integrated AV control systems provide simplified operation of all AV equipment and lighting presets from touchpanels, including remote administration and help desk functions.

Client: Peckham Guyton Albers & Viets; Westwood, KS

Facilities: Technology Classrooms

Designer: Edouard G. Charland

Completed: 2005
