

## THE GLENRIDGE PERFORMING ARTS CENTER

The Glenridge Performing Arts Center on Palmer Ranch is located in Sarasota, Florida. The facility includes a 267 seat multi-purpose Theater and Convocation Center.

Architecturally the room has been designed to support speaking events and instrumental music, and houses a 1936 Steinway "S" grand piano. The unique design of the audio-visual system provides projection of a variety of computer-generated programs, such as Power Point, as well as movies via a VCR or DVD player. The system features a very high brightness projector and a large projection screen, and includes headsets for the hearing impaired. The Center is the home for the award winning Banyan Theater Company of Sarasota, Florida.
